

LET'S GET LEARNING

School readiness program

Karratha Family Centre

We currently run 4 days of our Lets Get Learning - School readiness program at our centre for children starting school in 2025.

All 4 sessions are structured similarly, with the aim to prepare children for a structured school setting (Kindergarten 2025) and focus on exposing children to behaviour, academic, physical, social, and emotional responsibilities. All days are programmed independently to not repeat experiences, allowing children to attend multiple days per week.

Each program runs with the same timing and routine - which include both outdoor and indoor play-based learning experiences, sensory play, morning tea and lunch time routines, exploratory free play activities, teacher guided arts/craft activities, as well as mat/group times which include songs, movement, and stories.
